An accessory farm dwelling may be allowed in the Exclusive Farm Use (EFU) zone, subject to applicable standards from Section 7.50(B) of the Hood River County Zoning Ordinance and applicable portions of Oregon Administrative Rule 660-033-0130(24) and (30). For a complete application, a written narrative with supporting documentation should be provided explaining how your proposal complies with all of the following applicable criteria:

1. The dwelling will be occupied by a person or persons who will be principally engaged in the farm use of the land and whose seasonal or year-round assistance in the management of the farm use, such as planting, harvesting, marketing or caring for livestock, is or will be required by the farm operator.

   Please describe the employment status of the person or persons proposed to occupy the proposed dwelling and their daily duties on the farm.

2. The dwelling will be located:

   a. On the same lot or parcel as the principal farm dwelling; or

   b. On the same tract as the principal farm dwelling when the lot or parcel on which the accessory farm dwelling will be sited is consolidated into a single parcel with all other contiguous lots and parcels in the tract; (Section 7.05.G defines 'tract' as all contiguous property in the same ownership.); or

   c. On a lot or parcel on which the principal farm dwelling is not located, when the accessory dwelling is a manufactured dwelling and a deed restriction is filed with the County Department of Records and Assessment. The deed restriction shall require the manufactured dwelling be removed when the lot or parcel is conveyed to another party. The accessory farm dwelling may not be occupied by a person (except for the spouse and children of the person referenced in subsection 1 above) who will not be principally engaged in the farm use of the land and whose assistance in the management of the farm use is not required by the farm operator. The manufactured dwelling may remain if it is re-approved under Section 7.50(B); or

   d. On a lot or parcel on which the primary farm dwelling is not located, when the accessory farm dwelling is limited to only attached multi-unit residential structures allowed by the applicable state building code or similar types of farm labor housing as existing farm labor housing on the farm or ranch operation registered with the Department of Consumer and Business Services, Oregon Occupational Safety and Health Division under ORS 658.750. A county shall require all accessory farm dwellings approved under this subparagraph to be removed, demolished or converted to a nonresidential use when farm worker housing is no longer required; or

On a lot or parcel on which the primary farm dwelling is not located, when the accessory farm dwelling is located on a lot or parcel at least the size of the applicable minimum lot size under ORS 215.780 (i.e. 80 acres) and the lot or parcel complies with the gross farm income requirements in OAR 660-033-0135(5) or (7) (i.e. $80,000 or $60,000 on non high-value farmland), whichever is applicable; and
