SITE PLAN:

A site plan, drawn **TO SCALE** in black ink at a maximum scale of 1 inch = 100 feet, must be included with your submitted application. Please do not use highlighter, colors, or photographs/aerial photos since they are not easily reproducible. Site plans should be drawn on paper **NO LARGER THAN 11"x17"**.

If the parcel is large, planning staff suggests that you submit a detail site plan that shows only the portions of the parcel affected by the proposed development, together with a vicinity plan showing the overall site. If this option is pursued, please show at least two property lines and enough of the parcel or some adjacent features, such as roads, so that the planner and other viewers can locate the proposed development on the vicinity map.

Much of the required information may be obtained from the Hood River County webmap at www.co.hood-river.or.us - under "County Maps"

MINIMUM SITE PLAN INFORMATION REQUIREMENTS:

Please Note: Although most site plans can be drawn by the person making application, you may wish to hire a professional to prepare your site plan if your proposal is complex or the site is challenging. Site plans allow the planner and other interested parties to clearly understand the nature of the proposal and its relationship to the parcel, as well as surrounding parcels of land. Submitted site plans are considered legally binding documents. It is the responsibility of the applicant to know and accurately identify the subject parcel's property lines, as well as the location of any easements or rights-of-way.

- ⇒ Property Information - address and map and tax lot.
- ⇒ Property owner and applicant name.
- ⇒ Scale and north arrow.
- ⇒ Boundaries of parcel with dimensions.
- ⇒ Location, labeling, and size of existing and proposed buildings and structures.
- ⇒ Setback distance of proposed buildings and structures from property lines, roads, other structures, streams, ponds, & wetlands.
- ⇒ Location and width of access roads, driveways, turnouts, turnarounds, and parking areas.
- ⇒ Location of utility services, *including approved septic drainfields, and replacement field*.
- ⇒ All easements (access, utility, irrigation, etc.).
- ⇒ Significant slope or terrain features.
- ⇒ Vegetation type.
- ⇒ Portion of property in farm or forest use.
- ⇒ Vicinity map (if needed to augment your site plan).

Site plans not drawn to scale or failing to include the required information will not be accepted. See the sample site plan provided.

Using a piece of graph paper, such as that included within this application form, may be the simplest way to draw your plan to scale!
